

Instructors' Post-seminar Survey

Leaders,

Your service to the Lord and PPM this quarter is invaluable. This work could not be done without you.

We appreciate your efforts to keep true to the seminar format. While the curriculum is designed to teach the inmate/student Biblical life principles, the intent of the seminar structure is to help them learn accountability and to acquire the ability to form meaningful relationships in small group settings.

The seminar format in the prisons is an on-going development. Below are some questions and room for comment that will greatly help us in continuing this process. Please share your comments and observations (use the back if more room is needed).

1. Were the subject matter and the format of the seminar materials helpful to you in your teaching?
2. What would you change in order to improve the format?
3. Please list any other comments/observations about the seminars. Can we pass any comments back to the Chaplains or facility supervisors that could help them?
4. How could we improve our processes in working with the volunteers in terms of scheduling, communications, distribution of materials, or anything else that might come to your mind?
